As the Chair of the Apprentice Ambassadors Network locally I would encourage other employers to get involved in becoming an Ambassador as it offers great networking opportunities with other employers, LEPs and Government departments which will enable you to keep up to date, and often ahead of the game, re policy changes and opportunities surrounding the most exciting reforms for Apprenticeships that we have ever seen. AVEVA are proud to have won the award for Large Company Newcomer to Apprenticeships and be named as a Top 100 employers – it is unlikely our programme would have been so successful had it not been for the support of the Ambassador Network and the chance to share best practice as we embarked on our journey.
